NOTE.—Wholesalers trading only in exempt goods do not supply returns. Considerable numbers of commodities were exempt from tax in July, 1931, September, 1932, October, 1933, and August, 1934. Consequently the proportion of wholesale trade covered by the records has been progressively reduced.

The amount of sales for individual months includes some sales effected in previous months.

* Tax collected mainly upon sales in the month shown, but actually received in the following month. The rate of tax was 2½% from 1st August, 1930, 6% from 11th July, 1931, and 5% from 26th October, 1933.

NOTE.—The above tables are based upon the records of the Commonwealth Meteorologist. The divisions correspond approximately with the statistical divisions shown on the map in the frontispiece of the Official Year Book of New South Wales, each division being subdivided into two sectors indicated by the letters N, S, E, or W according as they constitute the northern, southern, eastern or western portion of the division concerned. Normal Rainfall is based on the period ended 1929.

NOTE.—This index represents the ratio of monthly clearings to the average for the months concerned during the five years 1926-1930. Seasonal fluctuations are, therefore, virtually eliminated. The trend has been smoothed out by taking a three months moving average. The index is adjusted to eliminate the effects of Treasury Bills and other special transactions on behalf of Governments, and the effects of bank amalgamations. No allowance has been made for normal growth or change of price levels.

§ Index not ascertainable on account of suspension of State Government banking transactions.

No. 53.—Stock Exchange Index (Sydney).

The following index of the values of the principal Company shares on Sydney Stock Exchange embraces the ordinary shares of companies (excluding banking companies) whose business is conducted wholly or largely in New South Wales. The prices of individual shares are unweighted. There is no base period as the index represents the ratio of the average prices of ordinary shares to their par values; adjustment being made where capital is written off or bonus shares issued.

55. Index of Employment—N.S.W.

After comprehensive analysis of Census data, the returns of private employers accompanying remittances of wages tax, and returns of Government employment, the following indexes have been compiled covering total employment and unemployment in New South Wales :—

Month.	Proportion of All who are Dependent on and Available for Employment.			
	(a) Including Full-time Equivalent of Part-time Relief Workers.		(b) Excluding Full-time Equivalent of Part-time Relief Workers.	
	Employed.	Unemployed.	Employed.	Unemployed.

—August ...	88.0	12.0	85.1	14.9
—September ...	89.2	10.8	86.5	13.5

The indexes have been adjusted to allow for an estimated increase of 1.2 per cent. per annum in the number of persons dependent on employment, but no adjustment is made for seasonal variation. At the Census, 15,142 persons dependent on employment returned themselves as unemployed by reason of illness, accident, etc., or “voluntarily.” This number, representing 1.8 per cent. of all persons dependent on employment, is excluded from the above indexes, which relate to percentages of available wage earners employed and unemployed.

The approximate number of persons in private employment was 478,000 in June, 1933, 519,000 in June, 1934, 567,000 in June, 1935, 573,000 in July, 1935, 580,000 in August, 1935, and 592,000 in September, 1935.

The rates in the other capital cities from 1st December, 1935, were:—Melbourne, 66s.; Brisbane, 64s.; Adelaide, 67s.; Perth, 68s.; Hobart, 69s.

NOTE.—The Commonwealth Court of Conciliation and Arbitration uses the Harvester Wage (42s. in 1907) as the basis of its awards. The foregoing rates up to February 1, 1934, inclusive, represent this wage adjusted by retail price index numbers, plus the "Powers' 3s." From February 1, 1931, to February 1, 1934, the adjusted rates were reduced by 10 per cent. by order of the Court. This reduction has been applied in calculating the rates shown above.

As from 1st May, 1934, the Court determined new basic rates without the addition of the "Powers' 3s." and rescinded the 10 per cent. reduction of wages. It decided that these rates are subject to adjustment at quarterly intervals from 1st June, 1934, but will not be varied unless the adjustment amounts to 2s. or more.

§ Figures for 1931 and 1934 exclude articles posted or messages telegraphed in other states of Australia and received in New South Wales. On this account the figures cannot be compared with those for earlier years.

Note—The exports in 1921, 1931 and 1934 include articles produced in other States of Australia. Since 1st January 1912, the Commonwealth Customs Department has classified all goods produced in the Commonwealth simply as "Australian," without distinguishing, as formerly, the particular State where they were produced.
